## PERSONAL STATEMENT

I am a Web Developer , having vast experience in developing Web apps using Microsoft Stack. I am experienced C#, ASP.NET, APS.NET Core, Windows Form and WPF Developer. I have built quite few apps using above mentioned Technologies. I am basically a tech nerd who want to build beautiful web apps with top tier performance. I like to work in fast-paced environment within the teams of amazing people. I am not bragging but I can learn new Technologies and frameworks in matter of days. I am also a Writer who knows how to spit heart paper.
